

DORSET THEATRE GOERS' CLUB

May 2021

Dear Theatre Going Member,

We hope this finds you well after such a period of turmoil in our lives, and for those of you who have received your vaccinations, you must be feeling very relieved.

As freedom now beckons, and the arts are opening up again, we are keen to start looking at resuming theatre club outings. We would suggest shorter trips to start with as a means of 'testing the water', but would like to hear from you, our members, of any issues or concerns you may have such as timing of restarting our excursions; distances you would be prepared to travel; masks remaining necessary in theatres, and coach comfort/distancing seating. All of these things need to be taken into account so that we can start the planning process. Our Booking Secretary Vivien has already been in contact with Bluebird Coaches who are gearing up their business once more, and hopefully after 21 June which is scheduled to be the full opening date for England, we should be able to book up with confidence.

As you know it takes time to make these arrangements, so we consider the best time to undertake our first excursion would be no earlier than September this year but this does have to sit comfortably with all of you.

YOUR FEEDBACK IS IMPORTANT!

Please let us have your views by sending them to the committee via Glenda Llewellyn:-
